SPECIAL JUDGE HEARS CRIMINAL CASES IN DISTRICT COURT

With Hon. R. D. Wright, Judge of the 19th district, of Laredo, presid-
ing, Medina County district court en-
tered its third week of the June
term Monday, July 6th. Both civil
and criminal cases came up for hear-
ing during the week, with jury trial
in several cases. The Petit Jury for
the week was discharged for the
term Wednesday.

The cases were as follows:

Civil

John L. DuBose Jr. vs. Christine
DuBose; divorce granted.
Woodrow Homer Williams vs.
Flora Dean Edgemon Williams; di-
vorce granted.

Lloyd Sorrell vs. Leona Sorrell;
divorce granted.

Criminal

State of Texas vs. Ed Heiden-
reich, cattle theft and embezzlement
of cattle. Verdict of guilty, and pen-
alty assessed at 2 years in the peni-
tentiary.

State of Texas vs. Alfred Schlenz,
theft of cattle. Plea of guilty was
accepted, penalty was assessed at
three years, and the sentence was
suspended.

State of Texas vs. Juan Perez,
murder. Plea of guilty received. The
jury was empaneled and returned a
verdict of guilty of murder without
malice, penalty assessed at 3 years
in the penitentiary. Judgment of
guilty was pronounced and the de-
fendant waived the 2 days and was
sentenced to not less than 2 years
nor more than 3 years in the state
penitentiary.

Court is still in session as we go to
press Thursday, but expects to com-
plete work for the term this week.

COUNTY HEALTH OFFICER RESIGNS

On the call of County Judge Ar-
thur H. Rothe, the Commissioners' Court, with all members present,
met at 2 P. M. Tuesday, July 7th,
for the purpose of considering the
resignation of Dr. W. H. Smith, of
Hondo, as County Health Officer.

After due consideration the Court
voted unanimously to accept Dr.
Smith's resignation, effective July 1,
1942. An expression of the Court's
deepest appreciation was extended
Dr. Smith for his more than thirty
years of untiring and excellent ser-
vices rendered to Medina County as
County Health Officer. The Court
ordered that a copy of the resolution
be spread on the minutes of the
Court and a copy be sent to Dr.
Smith.

A motion made by Commissioner
Tondre and seconded by Commis-
sioner Bowman, after due considera-
tion and upon vote called for by the
County Judge, unanimously carried
that Dr. W. B. Meyer of Hondo be
appointed by the Court to serve as
County Health Officer of Medina
County, effective July 1st, 1942, at
a salary of \$25.00 per month, pay-
able out of the County General
Fund. The appointment is to be for
the present term of office of the
Commissioners' Court members. It
was further ordered that upon ac-
ceptance of his appointment as County
Health Officer of Medina County
Dr. W. B. Meyer take the required
oath of office and qualify in ac-
cordance with law.

In additional matters considered
the Court ordered that the two de-
puties as peace officers employed by
the County on April 9, 1942, at the
request of Sheriff Schuehle, and
whose 90-day term is now expired,
their term of employment be extend-
ed from month to month until fur-
ther orders of the Court. The remun-
eration is to be the same as during
the 3-month period just ended.

Court meets in regular session
Monday, July 13.

AND IT RAINED

The drought that threatened the
utter destruction of the corn crop
and was drying up the ranges has
been broken, not in time to produce
a corn crop but in time to be of
some benefit to it and to help pros-
pects for summer and fall feed crops.

A light rain fell here Friday af-
ternoon and night and part of Sat-
urday morning. It took a fresh start
Saturday night and rained almost
continuously throughout the day
Sunday and for the most of Sunday
night.

The precipitation locally is vari-
ously estimated at from 4.90 to 5.5
inches. The ground was thoroughly
soaked and waterholes filled to over-
flowing.

Reports indicate the rain was gen-
eral throughout Southwest Texas,
with varying amounts, both more and
less at different points, than the pre-
cipitation locally.

JACK R. WELHAUSEN TRANSFERRED TO JOURDANTON

After several years in the Hondo
office of the Farm Security Admin-
istration as district supervisor, Mr.
Jack R. Welhausen this week was
transferred to the Jourdanton office
where he will serve in the same ca-
pacity. He left Wednesday for Jour-
danton to take up his new duties.

Mr. Welhausen's successor, Mr.
Hugh P. Weaver, of San Antonio,
arrived here last Thursday. He has
been in the District F. S. A. office
in San Antonio, engaged in Farm
Debt Adjustment and Tenure work.

FOR RELEASE JULY 7, 1942

Army Chief of Ordnance Camp-
bell, speaking at Salisbury, N. C.,
said, "Our tanks are superior to any-
thing the enemy has. Type by type,
our tanks have heavier guns, heavier
armament and greater speed. . . . Our
high-velocity 75-millimeter guns in
our M-3 tanks far and away outrange
the best the Germans have. . . . and
we can fire this high-velocity 75
when the tank is in motion, which is
more than any enemy tank, whatever
its size, can do."

Gen. Campbell said the so-called
"new German 88-mm gun" is "about
as secret as a daisy water pistol. It
has been known to us and our Allies
for at least 10 years. We outmatch
this gun with several of our field
and anti-tank guns." He said the
German 88 is effective as an anti-
tank weapon only within its limited
range.

U. S. machine guns, Gen. Campbell
said, will "out function any enemy
gun under the most adverse circum-
stances—in other words, they will
keep firing when enemy guns have
to shut down to change barrels." The
United States "can build a better au-
tomobile, a better typewriter, a bet-
ter icebox and we can build—and
are building—better machine gun
weapons," Gen. Campbell said. "The
enemy cannot outdo American de-
sign and production and spirit."

The WPB reported the dollar value
of war shipments from 430 auto-
motive industry plants totaled \$356
million during April, an increase of
46 percent over February. Army
Services of Supply Commander
Somervell instructed civilian guards
at 11,000 war plants to organize an
auxiliary to the Army's Corps of
Military Police as a further protec-
tion against enemy saboteurs.

The War Front

The "Flying Tigers" of the Amer-
ican Volunteer Group were placed
under the Army Air Corps command
in China and opened their operations
with heavy raids on three key Jap-
anese bases at Hankow, Nanchang
and Canton. Six Japanese planes
were destroyed without loss.

A Navy communiqué reported Army
bombers scored hits on an enemy
cruiser and sank a transport in the
Aleutian Islands. In addition, Navy
submarines sank three destroyers.
The situation in the Islands "has not
changed materially," however, in the
past two weeks, the Navy report
said. The Office of Indian Affairs
announced all of the Aleutian Islands
west of Dutch Harbor, as well as the
Pribilof Islands, have been classified
as parts of a total evacuation zone.
The Office said nearly 1,000 civilians
have been removed from these areas

RENT CONTROL AFFECTING MEDINA COUNTY

Rents for all types of housing ac-
commodations in Bexar, Atascosa,
Bandera, Comal, Guadalupe, Kendall,
Medina and Wilson counties were
brought under Federal control July
1 with the opening of a rent area of-
fice in San Antonio.

The maximum rent date for the
San Antonio defense rental area is
March 1, 1942. In general, no land-
lord may charge more rent for a
house, apartment, flat or other
dwelling place than he charged for
the same accommodations on March
1, and no tenant may pay more. Ad-
justments may be made in cases
where major capital improvements,
as distinguished from ordinary repair
and maintenance, have been effected
since the maximum rent date. For
example, the addition of an extra
room or a bathroom would constitute
a major capital improvement. Paint-
ing, papering, roofing and the like
would be repair and maintenance,
and would not entitle the landlord to
an increase in rent.

L. C. Beirne Jr., from the rent di-
vision of the regional Office of Price
Administration in Dallas, is tempo-
rarily in charge of the San Antonio
area rent office pending the approval
of an Area Rent Director. Dix W.
Noel, of the OPA legal department
in Washington, is serving as the San
Antonio defense rental area attorney
until further notice.

Landlords must register their rental
properties, whether occupied or not,
but not until a later date which will
be announced by the Area Rent Di-
rector. At that time, probably about
July 15, forms for registration will
be available.

In addition to adjustments com-
pensating for major capital improve-
ments, exceptions to the general
March 1 rent "freeze" may be allowed
when housing accommodations
have been changed from unfurnished
to furnished, or vice versa; when
there has been an increase or de-
crease in services since the maximum
rent date; when the rent charged on
March 1 was materially affected by
blood, personal or other special re-
lationship between landlord and ten-
ant; and when seasonal demand af-
fects the rental value of the prop-
erty. Dwellings constructed since the
maximum rent date and rented be-
fore July 1 have as their maximum
rent the first charged, subject to re-
view by the area director. When the
dwelling was unoccupied on the
maximum rent date and during the
two months previous, but rented be-
fore July 1, the rent is the first rent
charged, subject to review by the
area director.

The Methodist church here and the
churches at Yancey and Moore were
represented in the Christian Adven-
ture Camp of the Methodist Kerrville
Assembly, June 30 to July 10. Dor-
othy Bohmfalk, Henry Holloway and
Selby Wools went from the Hondo
Methodist Church; Craig Wilson from
Yancey.

The Camp is the largest in history,
with 165 campers registered from
more than fifty churches over the
Southwest Texas Conference. In-
cluded in the staff is the Rev. Horace
M. King, executive secretary of the
Conference, an uncle of Henry and
Selby.

The local young people are taking
courses in "Missions," "World Peace,"
"What Alcohol Does to Us," and "How

EMERGENCY SECRETARY ASKS FOR HOUSING INFORMATION FROM LANDLORDS

As the Hondo Navigation School is
nearing completion, we have been
informed that H. B. Zachry Co. em-
ployees will be moving on to another
defense job shortly and living quar-
ters will be vacated. These housing
facilities were pledged some months
ago for Army personnel and Civil
Service employees of the Navigation
School. In order to fulfill this ob-
ligation, it will be necessary to have
the following information in our files
and we ask the cooperation of the
home owners and property holders in
notifying us as to: location; rental;
bath facilities and number shar-
ing bath; furnished or unfurnished
rooms; apartments, or houses. We
must have this information at once.

It is our obligation to house the
Officer personnel and Civil Service
employees as pledged, and they must
be taken care of as rapidly as pos-
sible. Many new people have moved
here who are in no way connected
with the school and have taken over
some of the much needed rooms,
apartments and houses. However,
our first responsibility is to house
the people who must carry on the
Navigation School. You are asked
to do your bit and rent only as
pledged.

The young men in our army are
giving their lives, and it is their
right to expect us to do our share—
cooperation in this matter of housing
is one way for us to show our patri-
otism.

MRS. R. C. RATH,
Emergency Secretary,
Hondo Chamber of Commerce.

REV. GARRISON CALLED AS ARMY CHAPLAIN

Rev. I. V. Garrison will tender his
resignation Sunday as pastor of the
Hondo Baptist Church and on July
22 will leave by auto for Camp Luis

REV. I. V. GARRISON

Obispo, California, where he will
serve as a Chaplain in the United
States Army. A pastor to take his
place has not been called by the Ba-
ptist congregation at this time.

Some time ago Rev. Garrison ap-
plied for entrance into the Army as
a Chaplain and was to have reported
for duty on or about July 3rd. How-
ever, on account of the illness of his
wife, he was deferred until July 25th
when he must report at Camp Luis
Obispo. He has been commissioned
a first lieutenant.

Rev. Garrison will make the trip
by car, and he will be joined later
by his family. In the meantime,
Mrs. Garrison and daughter, Dorothy
Nell, will visit her mother and her
sister in Waco and Gladewater until
she is able to make the trip to Cali-
fornia. Miss Joyce Garrison is at-
tending Howard Payne College in
Brownwood and will receive her de-
gree on August 5th. I. V. Garrison
Jr. is in secret radio work at Duncan
Field.

Rev. Garrison has been here nearly
five years, during which time the
church has prospered, and he and his
family have made many warm
friends among all faiths of our peo-
ple. They will be missed by many
when they take their departure.

THE LOW DOWN FROM HICKORY GROVE

Maybe now and then it makes
a person feel better to lash out
at the British, calling 'em slow-
pokes and bunglers. I am not
trying to say we should say
okay to everything they do.
They have been in plenty of
messes. It sometimes seems like
they just wait until the other
guy gets them down on their
back just so they can show him
they are the best man, and can
get up.

For one thing, England should
have known what was going to
happen in France, living just
across the Channel and seeing
them go Socialistic there, day by
day—sit-downs and all. Social-
ism made France duck-soup for
Germany—and allowed Ger-
many a toe-hold on England's
doorstep.

Alright, says Henry, how can
you blame the British for not
seeing across the Channel when
right her at home we don't even
see across the street. We are
only a hop, step and jump ahead
of Socialism. If what happened
in France is anything to go by,
we better wipe off our own specs
before we cross the ocean and
start hopping onto the British
for bungling. Henry is no green-
horn—or greenpea. He looks—
and sees. He don't just look.

Yours with the low down,
JOE SERRA.

AN ARMY OF SNOOPERS

The Office of Price Administra-
tion recently asked Congress for a
very large appropriation to add some
100,000 new employees, mostly en-
forcement personnel, to the OPA
payroll. These employees, in other
words, would constitute a sort of
private police force and would spend
their time and the taxpayers' money
looking for violations of the price-
freezing order.

The National Association of Retail
Grocers, an organization which rep-
resents thousands of independent
food merchants throughout the
country, promptly protested. In a
resolution submitted to Congress it
said: "It is implied in this proposal
to turn loose an army of 'snoopers'
on the retail merchants of the United
States. These men and women pro-
posed for OPA enforcement person-
nel can render more useful service
in the prosecution of the war against
the Axis powers, rather than as an
army of harassment operating at
public expense on the home front."

That protest is well taken. As
OPA officials themselves have pointed
out, the retail industry in all its
branches has been overwhelmingly
opposed to speculation and profiteer-
ing. No industry has given more
complete cooperation to the govern-
ment in the campaign against infla-
tion. To inflict this industry with
100,000 "secret police," would
amount to deliberately harassing an
industry which has a superb record
of operation in the public interest.

The vast majority of merchants,
big and little, will conform complet-
ely to the price regulations. Competi-
tion alone will keep prices in line.
Consumers and consumer organiza-
tions will be on the lookout for vi-
olations, and will report them to the
authorities. The OPA, of course,
will need an enforcement staff—but
it doesn't need a staff of 100,000
snoopers. It doesn't need a secret
police force.

The 100,000 people who would be
employed in this snooper work are
needed in war industry and the mil-
itary forces. The hundreds of mil-
lions of dollars it would cost to pay
their salaries and expenses are need-
ed for war production.—Industria-
News Review.

PART OF THE SYSTEM

When this war is over, America
will have the most gigantic mass pro-
duction machine in the world. We
will have the world's largest army of
skilled workmen. Technical develop-
ment will be at a new peak. Ma-
chines and men that are now produc-
ing weapons of destruction in incred-
ible quantity, can supply the goods
of peace in an equally incredible
quantity. In all probability we will
be the only large nation left on earth
whose industries will not have
been mashed by war.

It will be up to these industries, to
free American enterprise, to rebuild

STATE SUPERINTENDENT ANNOUNCES SCHOOL APPOINTMENT SET FOR NEXT YEAR

L. A. Woods, State Superintendent of Public Instruction, announced that at a meeting of the State Board of Education, Monday, July 6, in Austin, the per capita apportionment for the 1942-43 school year was again set at \$22.50. The apportionment paid from the State Available School Fund for each child of scholastic age enrolled in public schools was the maximum allowed by the law, and was unchanged from the current apportionment.

This means that for the 3841 school children on the census roll in Medina County, the State will allow \$86,422.50 for the support of the schools in this county during the next year.

According to Mr. Woods, the State Board also allocated \$1,850,000 for the purchase of free text books. It is gratifying to know that the department has again found it possible, despite decrease in revenue income due to national emergency controls such as tire ration and others to maintain the maximum level or per capita. Trustee boards will greatly appreciate the department's efforts.

C. F. SCHWEERS, County Superintendent.

PROMOTED TO MAJOR AND COMMANDING OFFICER

Clemens K. Wurzbach, son of Mr. and Mrs. O. J. Wurzbach of Cliff Field, Spokane Washington, from Salt Lake City, Utah, and writes that it is a beautiful and scenic country. On June 27th he was promoted to the rank of Major. His present duty assignment is Commanding Officer of the 366th Bombardment Squadron which is equipped with the B-17E airplanes, known as "flying fortresses".

Major Wurzbach's advance has been rapid having been promoted to the rank of Captain only a few months ago. His many Medina County friends congratulate him on his attainment of the rank of Major.

HONDO, TEXAS, JULY 10, 1942

Washington Snapshots

by JAMES PRESTON

Look for a sales tax without Administration approval but with Administration acceptance—that's the word around here as Congress prepares to go to work on the biggest revenue bill in the history of the country.

Even though a sales tax is not in the tax bill when the Ways and Means Committee reports it to the House, somewhere along the route such a measure will be added. Opinion here has it that the Administration is opposed—for the record. Labor pressure is responsible. But many key Administration officials privately hope for a sales tax as the only feasible way to soak up excessive buying power.

—WSS—

Machinery has been set in motion to provide relief for companies that are in danger of being forced out of business by the war. Three types of legislation are being drafted to provide direct financial relief for war-squeezed manufacturers hit by price ceilings and inability to obtain materials or war contracts.

Hearings are scheduled to start soon on a bill authorizing the Reconstruction Finance Corporation to pay subsidies to concerns caught in a squeeze between price ceilings and rising costs.

Another proposal would create a government agency with authority to defray fixed charges and maintenance costs of plants that have been or will be closed as a result of War Production Board orders; to make loans to plants unable to operate profitably by reason of WPB orders or materials shortages; and to make loans on frozen inventories.

The third proposal is patterned on what England has already done in this connection. Under the Adjustment of Liabilities Act, Britons whose businesses have been destroyed by the war may ask for aid in court.

—WSS—

The war Manpower Commission is preparing to set up 12 regional offices to obtain workers for war industries.

The new offices will supplement the work of numerous Federal agencies now cooperating with the Manpower Commission. These regional offices will determine labor requirements and arrange for shifting workers to plants where their services are most needed.

When workers in its own area are not available, the regional office will apply to the Manpower Commission in Washington for workers from non-essential industries in other localities.

One of the principal jobs of these regional offices, officials indicate, will be to work for regional wage stabilization agreements in competing plants. This work will be in addition to efforts of other government agencies seeking to effect wage stabilization. The move is viewed here as another indication of the seriousness with which informed sources look upon the threat of rising wage rates and inflation.

Regional offices are expected to be located in Boston, New York, Philadelphia, Cleveland, Detroit, Chicago, Birmingham, Minneapolis, Kansas City, San Antonio, Denver, and San Francisco.

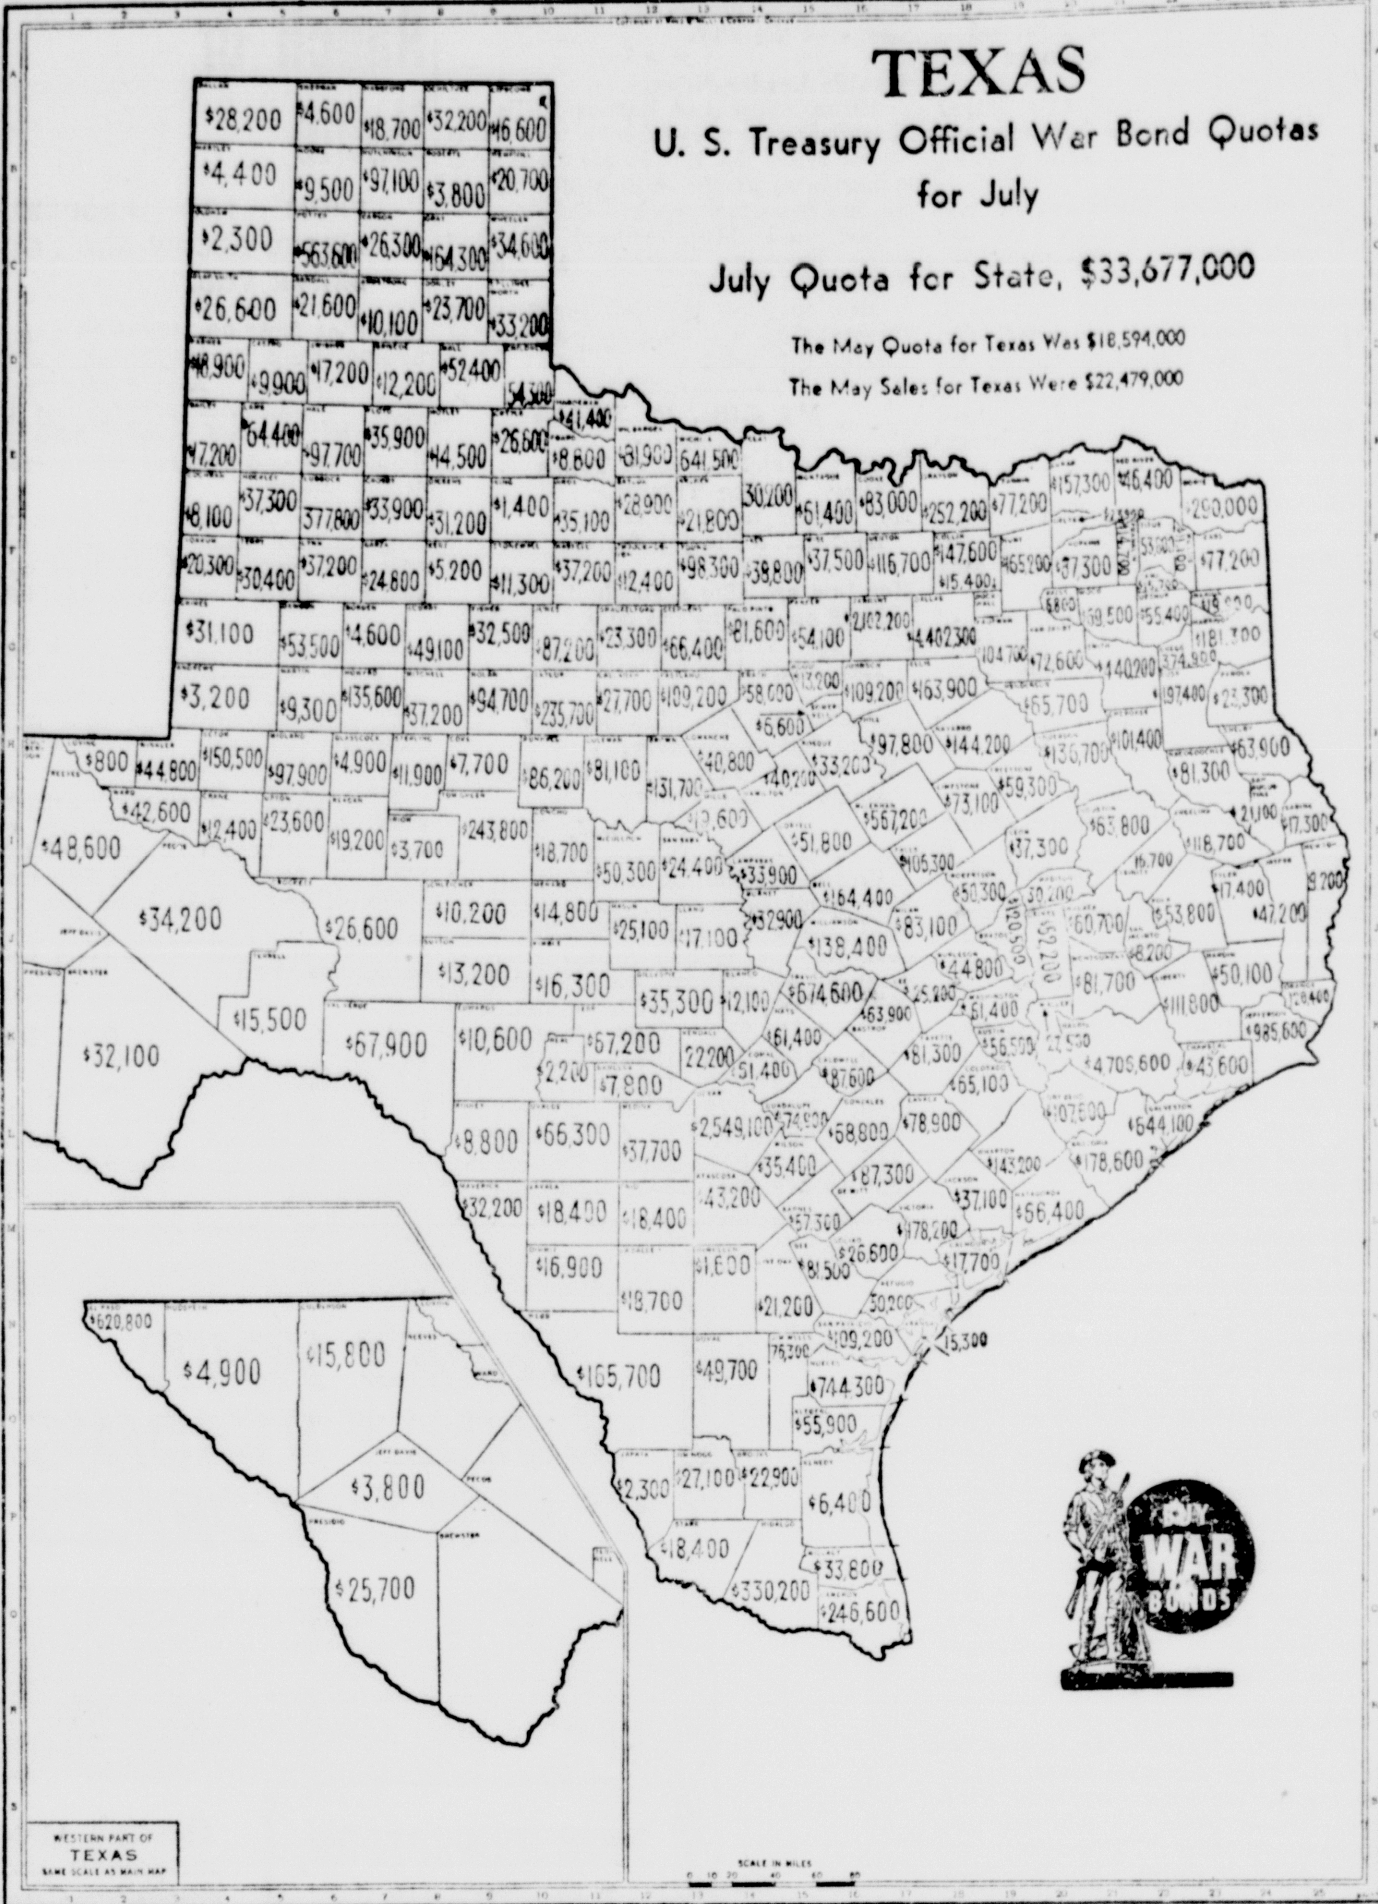

LIVESTOCK MARKET REPORT

Monday, July 6, 1942

San Antonio, July 5:—HOGS. Estimated salable and total receipts 300. Extremely small receipts in the San Antonio hog division Monday met active releases at fully 25c higher as compared with last week Friday. A top of \$14.25 took the bulk of Good and Choice 180-270 lb. butchers while similar grade 160-180 lbs. ranged from \$13.75-\$14.25. A few lots 140-160 lb. light lights cleared at \$13.25-13.75. Sows commanded \$13.00-13.25. Demand continued broad for feeder pigs at \$12.75 to mostly \$13.00.

CATTLE: Estimated salable and total receipts 600; CALVES 400. Limited supplies of cattle due mainly to weather conditions, produced a forced market for all slaughter classes. Upturns of mostly 25c with numerous instances of 50c or more advance occurred all through the list as compared with late last week. Common and Medium slaughter steers and yearlings ranged from \$9.00-11.50, the maximum price taking a truck lot 1172 lb. weights that had been caked on grass. Odd head just Good yearlings reached \$12.00. Common and Medium beef cows cashed at \$7.50-9.00, strictly Good kinds absent and quotable around \$9.50. Scattered lots Canners and

OFFICIAL U. S. TREASURY WAR BOND QUOTAS FOR JULY

The above map of Texas shows the War Bond quotas, by counties, for the month of July, 1942. Total War Bond quota for the state is \$33,677,000. With the National quota total placed at a billion dollars, the nation goes into high gear in its support of the War financing and to give our fighting forces adequate implements of war which will bring ultimate Victory.

Cutters ranged from \$5.50-\$7.50. Extremely thin shelly Canners, however, were quotable around \$3.50-4.00, sausage bulls of Common and Medium grade ranged from \$7.75-9.50. Medium and Good killer calves secured \$11.50-12.50. Common and Medium selections brought \$9.25-11.50 and Culls \$7.00-9.00.

Odd lots stocker calves appeared strong to unevenly higher as a few Good steer offerings changed hands at \$11.50-13.00.

SHEEP: Estimated salable and total receipts 300. Not enough was offered in the sheep and goat division to test prices but scattered goat sales appeared strong to 25c or more higher. A few packages slaughter goats of Spanish type cleared at \$33.50-4.00.

I'LL TUNE OUT THE ALKA-SELTZER ANNOUNCEMENT

Don't—THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

"When statements about Alka-Seltzer are made over the air, please, please believe them."

Mrs. Oma Catherine Jones

MILLIONS suffer less from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer we believe you will agree with us. But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio programs.

WHY ALKA-SELTZER IS SO EFFECTIVE

The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalizing elements in Alka-Seltzer reduce excess stomach acidity.

Get Alka-Seltzer the next time you pass a drug store.

David Nowlin returned home last week after spending several weeks in Houston and Galveston with relatives.

Mr. and Mrs. Edgar S. Rieber took his mother Mrs. S. E. Rieber, home to Hondo, after spending a few days up here with homefolks.

Mrs. Elms of Leakey is visiting her daughter, Mrs. C. F. Geuea.

Mrs. W. W. Nowlin came home Tuesday from Fredericksburg where she had been visiting her parents, Mr. and Mrs. Fritze.

The 42 party at the Sandidge ranch Friday night celebrating the birthdays of M. R. Sandidge and Mrs. Lee Mansfield was enjoyed by all who attended.

Miss Jo Nell Geuea has returned from Luling and is visiting her parents, Mr. and Mrs. C. F. Geuea.

The ranch of W. R. Payne, near San Saba, (San Saba county), has been designated for a demonstration in the control of cattle parasites. Plans are being made to establish horn fly traps on the ranch, states County Agent A. C. Pratt. Demonstrations on ox warble, lice and ear ticks were given recently. Sheep and goat worm control work will be taken up later. The selection of the Payne ranch was made by Texas A. & M. College, states Mr. Pratt.

Mr. P. H. Story, Deputy State Su-
perintendent of Education, was in
Hondo Tuesday on one of his official
school visits to this section, and while
here called to renew acquaintance
with Miss Lucy Davis. Mr. Story was
Superintendent of the Runge public
schools when Miss Lucy cut her wisdom
teeth—both figuratively and liter-
ally—as a grade teacher. Since
leaving Runge he has been connect-
ed with the State Department of Ed-
ucation as a Deputy under State Su-
perintendent L. A. Woods.

Sam Malone, a type from Lubbock
who quit the printing game for a
job as a defense worker at the Hon-
do Navigation School, is here with
Mrs. Malone. Mr. Malone dropped in
to see the printers and to keep his
nostrils familiar with the smell of
printer's ink.

JUDGE HARRY N. GRAVES

Judge Harry N. Graves was elect-
ed four years ago to fill the unex-
pired term of the late Judge O. S.
Lattimore as a member of the Court
of Criminal Appeals of Texas. He has
actively participated in the work of
the Court since that time, and has
written his share of their opinions.

**R. H. POSEY ANNOUNCES FOR
STATE LEGISLATURE**

R. H. Posey of Carrizo Springs au-
thorizes the Hondo Anvil Herald to
carry his announcement as a candi-
date for Representative of the 77th
District.

Mr. Posey is a native of Tennes-
see, but has lived in South Texas fifty
years and in Dimmit County the
past fifteen years, engaged in hor-
ticulture, and for the past ten years
engaged in the feed business in Car-
rizo Springs.

While the people of this section
know him to the extent that he needs
no introduction, he hopes to talk
personally with as many of the vot-
ers as possible. His policy he states,
is "equal rights to all and special
privileges to none." He has never
been a candidate or held a political
office. He is a charter member of
the Townsend Club and member of
the Red Cross.

In a later communication Mr.
Posey said:
"I find since announcing for rep-
resentative it will be impossible for
me to personally contact each voter.
My platform, briefly speaking, is
equal rights to all, special privileges
to none. That is justice. Justice be-
ing the foundation to God's throne
certainly should be the foundation
principles of our creatures.

"I am no politician. I came into
this race of my own free will and
accord; was not influenced or fi-
nanced by any special interest. Will
not be obligated except to 90 percent
of the people who are of my class—
just common people and I am one of
them.

"One of the main issues that will
come before the next Legislature is
the clarifying of the pension law, so
the old people, 65 years old, who
have no income, may get their \$30
per month, and to remove the under-
ceiling so the needy blind and de-
pendent children for whom the tax
law has already provided plenty of
money.

"We do not need to vote any more
tax bills, but we do need to conserve
what we already have and spend it
for a just cause.

"I do not believe in taxing the peo-
ple for chicken suppers for politi-
cians or to kick around our just laws
like a football for political purposes.

"To me a public office is a sacred
trust and I pledge my word and hon-
or to labor in that direction."

ZION'S LUTHERAN CHURCH

Sunday, July 12, 1942.
9:30 A. M. Spunday school and Bible classes. William H. Santleben, Jr., Supt.
10:30 A. M. German divine service.

We come to the house of God first of all to receive the divine blessings our Triune God has in store for us. This Sunday morning he has ready for us especially the comforts which wounded and weary hearts need.

Do you have any troubles or sorrows of body, soul and mind? Come to church Sunday morning and lay them down at the Cross of Christ. He can help you bear them and make them sweet. Remember, you and your friends are most cordially invited to attend all services at the Zion's Lutheran Church. Your fellowship and cooperation is earnestly desired. The Church with a welcome.

a shattered and starved world. And they can do it if private capital and the organization genius of the common American are released from the bear hug of the inevitable wartime bureaucracy. As Paul Cadman, economist of the American Bankers Association, has pointed out, we have no other choice. We will either release the productive capacity and the capital of this country for the task of rebuilding the world, or we face bankruptcy and collapse at home.

Free enterprise has got to produce as it never produced before if a national debt of two or three hundred billion dollars is to be serviced. In short, the world will tragically need the products of our industries and our country will need the sources of financial strength which those industries can give. That truth should be brought home to every man and woman at home and in the factory. Free enterprise is the key to the maintenance of representative gov-

In the dedication ceremony which took place recently, Rev. Eugene Zuber was assisted by Sgt. W. Jacob Weyand, who was home from Camp Polk, La., on short leave.

The Holy Cross Parish boys in the services are as follows: Richard Chandler, George and Richard Hitzfeldt, Herbert and Herman Huser, Hilmar J. and Vernon Koch, Alfred Alphonse, and Arthur Lutz, Tommy Rieber, Oscar Rohrbach, Howard and Lawrence Rothe, Milton Turner, Jacob Weyand, Anthony and Sammie Zerr. The following are members of Our Lady of Peace Parish: Loreto Cortez, Santos Fernandez, Teodoro Flores, Pedro Guerra, Alejandro and Federico Ontiveros, and Santiago Villareal.

MRS. M. B. MAAS BURIED

OLFEN.—Mrs. Margaret Bishop Maas, 79, widow of Leonard Maas, died in her home here June 26, after a brief illness; she had received the Last Sacraments.

Funeral services, with Mass of Requiem, were held in St. Boniface's Church Saturday morning, the pastor, Very Rev. F. M. Kaminsky, officiating; burial took place in the parish cemetery.

"The school of life as a preparation for eternity could well be applied to Mrs. Maas, whose greatest interest was her duty to God, to His Church, and to her family." Father Kaminsky said in his impressive funeral sermon.

She was born in Trier, Germany, Feb. 26, 1863.

Mrs. Maas spent many years in D'Hanis while her brother-in-law, Rt. Rev. Francis Maas, was pastor of Holy Cross Church, there.

After his retirement the family came to Ofen, where Monsignor Maas died several years ago.

Mrs. Maas is survived by a son Martin Maas, of Ofen, and a daughter, Sister M. Corsini, of the Congregation of the Sisters of Divine Providence, Our Lady of the Lake Convent, San Antonio.—The Southern Messenger.

a native and long-time resident of Castroville-LaCoste community, died at his residence at LaCoste, Wednesday, July 8, 1942. He is survived by two daughters, Miss Elizabeth Mechler of LaCoste and Mrs. Hilda Franger of Washington, D. C.; two sons, Frank Mechler of LaCoste and Albert Mechler of Castroville; seven grandchildren; three brothers, Joseph, Andrew and John Mechler.

Rosary was recited Wednesday evening at 8:30 o'clock. Funeral services were held from the residence Thursday at 10 A. M. after which interment was made in St. Mary's cemetery at LaCoste, with Rev. John Gerbermann officiating.

CARD OF THANKS

For the many expressions of sympathy for us in our sorrow over the tragic loss of our son and brother, Gerald Bendele, we are profoundly grateful and take this means of sincerely thanking one and all for your every kindness.

THE NEED OF THE HOUR

In the recent National Nutrition Conference a challenge was given to every one of the 28 million homemakers of America in the following recommendation:

"It is vital for the United States to make immediate use of the newer knowledge of Nutrition in the present National Emergency. To neglect this would be as hazardous as to neglect military preparedness."

It is the sacred duty of every American woman to see that her family is properly fed—to make Americans the strongest, healthiest people in the world. You can supply your family with food of much greater nutritive value at less cost and greater

REA BOOKKEEPER WILL ATTEND SPECIAL ACCOUNTING SCHOOL

Grace Mumme, bookkeeper of the Medina Electric Cooperative, Inc., will leave Sunday, July 12, for Dallas where she will spend the week of July 13-17 attending a special Rural Electrification bookkeepers' school according to Ted Bredthauer, manager of the system.

The first four days of the school will be devoted to a study of approved standard accounting methods used in rural electrification systems throughout the country, and on Friday the sessions will be given over to general operations problems. Manager Ted Bredthauer has been invited to attend the final day of the school.

Self-billing and meter reading practices that have been used by the Medina Electric Cooperative, Inc. system since energization as well as by a great majority of the 788 REA cooperatives throughout the country, are doubly important now with conservation of rubber and gasoline vital to the war effort. Several hundred thousand miles of driving along the nation's 360,000 miles of REA lines are saved every month through these member-participation practices. Part of the final session will be given to discussion of what REA lines have done, and can best do, in the war effort. How to make the best possible use of present facilities and how to prepare and maintain the cooperative's records in such shape that quick adjustments can be made to every war emergency, will be discussed at Friday's session.

savings, by canning at home. Fresh fruits, vegetables and meats retain the Vitamins, minerals and other health-giving properties so essential to your well-being, when canned by modern methods and sealed with an air-tight seal.

Below are some of the recipes especially designed to meet the need of the hour, and assure you and your family an adequate diet and enable you to enjoy more abundant health.

White corn syrup may be used in proportion to 1 1/2 of corn syrup for each cup of sugar. Honey may also be used in place of sugar. Ordinarily 1 cup of honey equals 1 cup sugar.

Figs

Figs should not be too ripe. Leave on the stems. Sprinkle one cup soda over six quarts of figs. Add 1 gallon of boiling water. Allow to stand in this for five minutes. Drain and rinse well. Place in syrup of 1 cup sugar to 2 cups water. Boil slowly for 1 hour. Pack boiling hot into sterilized jars and seal.

Figs

Prepare as above. After removing from soda bath put into fresh water and boil for 2 minutes. Drain and use this water to make a syrup of 1 cup sugar to 3 cups water. Pre-cook figs 5 minutes in syrup. Pack into clean jars, cover to within 1/2 inch of top of jar with syrup, put on cap, screwing band firmly tight. Process in pressure cooker 10 minutes at 5 lbs.

Peaches

Select ripe firm peaches, remove peel and pits. If peeled fruit is to stand several minutes before packing drop it into slightly salted water to prevent discoloration. Drain. Pack, halved or sliced, into clean jars. Fill to within 1 1/2 inches of top with syrup of 1 cup sugar to 2 cups water. Process 10 minutes. Peaches may be canned without removing peel. Wash thoroughly, halve, pack and add syrup. Process same as peeled peaches.

Peaches

Prepare as above, drop into a boiling syrup of 1 cup sugar to 2 cups water. Pre-cook for 3 minutes. Pack into clean jars and add syrup to within 1/2 inch of top. Put on cap, screwing band firmly tight. Process 10 minutes at 5 lbs.

YANCEY H. D. CLUB MET

The Yancey Home Demonstration Club met at the home of Mrs. Lonnie Howard, June 25th, with ten members and one visitor present.

The meeting was called to order by the Vice President. After a short business session the meeting was turned over to Miss Hambleton.

Miss Hambleton's subject was "Inflation", and how farm women can help by paying cash for what they buy, and buy War Bonds and Stamps.

With the help of Mrs. Howard, Miss Hambleton made and served four different kinds of sugarless ice cream to the club. She gave us many helpful suggestions on canning fruits without sugar and how to use substitutes.

Thursday being Miss Hambleton's birthday, the Club gave her a handkerchief shower.

A WEEK OF THE WAR

tions merchant vessels by enemy submarine action was announced.

Scrap Salvage

The WPB said a new and greatly intensified campaign to salvage vital scrap materials will be formally opened July 13, because the only way the U. S. can meet materials requirements of war production is "to collect every last bit of scrap from every farm and home, and from every commercial enterprise and industry in the country." The iron and steel industry has raised about \$1,500,000 and the glycerin industry about \$500,000 to finance national advertising to stimulate scrap collection, the Board said. The farm implement industry has offered to assist the country's 12,000 State and local salvage committees in the collection of rural scrap. Materials to be sought in particular are iron and steel, rubber and waste fats.

The rubber scrap salvage campaign will close at midnight July 10. The Public Buildings Administration reported 15,000 pounds of scrap rubber were salvaged from Federal buildings during the first two weeks of the campaign. The War Department said the Army faces a 250,000-ton rubber shortage by the end of 1942, but present plans do not include military requisitioning of civilian tires.

Rationing

Price Administrator Henderson said consumers may purchase an extra two pounds of sugar between July and August 22, in addition to the basic half-pound-a-week ration. He said the new East Coast coupon system for gasoline rationing will grant a fraction of a gallon more per week than temporary A cards, but the conditions that must be met to obtain supplemental rations under the permanent system are so strict that motorists will have to get along on the minimum. Motorists will register for A books July 9, 10 and 11. Small boat owners will be issued E and R gasoline ration books and will receive a basic six months ration of four gallons for each horse power for inboard motors and five gallons for outboard motors.

The OPA set the quota of passenger automobiles for rationing during July at 25,000, excluding State army National reserves, which will reduce the original inventory of about 402,000 cars to about 260,000. Between July 9 and August 31, the Office will release 230,000 bicycles for rationing—180,000 to the States, 20,000 to State reserves, and 30,000 for a National reserve.

Transportation

Transportation Director Eastman banned for the duration all automobile, midget car and motorcycle racing meets, effective July 10. He also asked that State and county fairs be postponed for the duration to help relieve the strain on transport facilities. The ODT postponed until July 15 the date on which over-the-road carriers will be required to be loaded to at least 75 percent of capacity for return trips and on which tank trucks will be limited to one delivery daily. The Office reported the majority of milk dealers have put their deliveries on an every-other-day basis and have reduced mileage by an average of 25 percent. The Office authorized its 51 field offices to begin action immediately upon applications for special permits under the truck conservation regulations.

Shipbuilding

The Maritime Commission said shipbuilding has not yet equaled total sinkings, but delivery of 66 ships totaling 730,000 tons by American shipyards in June set a new world's record for steel ship construction and represented an increase of 450 percent in volume of construction since Pearl Harbor. The War Shipping Administration reported the U. S. will operate between 2,200 and 2,600 merchant vessels this year.

FHA field offices resumed the processing of applications for priority assistance in the construction of privately financed homes for war workers. Processing was suspended late in May. The Agency said a new simplified procedure combines preference rating applications for the electricity, gas, water and sewer connections of proposed war housing projects with the corresponding applications covering the housing itself. The joint applications will be processed entirely in the field by the FHA offices and by NHA and WPB regional offices. NHA Administrator Blandford issued a simplifying order to empower qualified creditors or lenders to decide whether a proposed remodeling project is "war housing," thus exempting the project from credit restrictions set up by the Federal Reserve Board.

Army Expansion

President Roosevelt signed the \$42 billion Army Supply Bill for fiscal 1943. The War Department said men now in Class 1-B because of minor physical defects will be inducted into limited military service under a regular quota system in order to release fully qualified soldiers for duty with task forces. Only those 1-B's "who are able to bring to the Army a useful vocation which was followed in civil life" will be called.

A SORRY RECORD

The appropriation bills roll off on through Congress. It is before this time that not a single bill has been passed. The record is a national debt of \$200,000,000 or more. Rightly, no one complains when the money is used for real and necessary purposes. We are determined that every American fighting must be the best and most abundantly equipped on earth.

But what has happened to promises of drastic retrenchment in non-defense expenditures? A look at the record tells the sorry story. It is a statistical fact that not a significant cut has been made in any branch of the government. The defense bureaus grow bigger and bigger. Waste and duplication of effort continue "as usual". Expenditure is still in the saddle. And people pay.

It is a truism that all seeking office promise "economy", that, once elected, their pledges immediately forgotten. It is the citizens of America—the people—who pay—to refresh those memories. There is no excuse for the spending of a tax dollar for any activity that could be abandoned or deferred. That is true of local government and the national government alike.

The very solvency of this depends upon the greatest retrenchment in all government functions which are not directly related to the prosecution of the war. That is the responsibility of our public servants. They cannot evade. Industrial News Review.

WEEK-END PARADISE

A magic circle formed by friends
Surrounds a cottage quaint
White and new
Upon an island in a tiny sea;
Far from the city's din and
ado,
This quiet spot is paradise to me.
My trysting place, a hollow near
base
Of one huge trunk whose roots
extend
In rugged undulations to the
Through long, lush grass where
den flowers' perfume
is magnet for bees' busy buzz
zoom;
Beneath a mulberry tree sail-cloth
spread
Where thimble sweetness falls
overhead;
Long blackberry vines are
bending over,
Fat bumblebees are feasting on
clover,—
Now I am drawn from vagrant
gencies
By sound of wild birds lifting
strelcias
Among the trees;—I wonder
strange hand
Or trick of mother nature could
planned
An elm with four tall trees of
height
Joined at one giant base,—a
drous sight.
Twin maples are repeated, then
ash
And willow make the picture
light;
The lake is teeming with fresh
to fry,
An empty boat with waiting
calls "Try"
And to my heart this one spot is
me
A paradise beside a tiny sea.

A WONDERFUL PAL IS DADDY

A wonderful pal is daddy.
Splendid stories he tells to me
Near the fireside in the twilight
I sit on the rug by his knee.
When he says, "Son, let's go hiking
We shoulder our knapsacks and
Over the hills and the mountains
Often times in the ice and snow.
In the summer we go swimming
Right down in the old swim-
hole;
We take the boat and go fishing
With a can and a homemade pole.
My dad and I oft go camping,
We both sit around the campfire
Where we cook a juicy beefsteak
On two rods held up with some
Dad is a wonderful Boy Scout.
He's not a day older than me
When he's off in the wilds camp
He's just a boy—happy and free.

A wonderful pal, is daddy.
And he never has failed me yet;
We're always chumming together
And I'll stick to him close—
BET.

THE ONE WHO CARES

When you've done a helpful deed
For someone for whom you care,
And they stop you and thank you
At the bottom of Life's stair...
It gives you the grandest feeling
To know that someone cares.
Who helps them o'er a rough spot
And they really care who cares.

It may have been a little thing,
This bursting out of theirs,
To show the one they love
That they really care who cares.
But when you know for really
For whom you care for really
Then you two are rich in sharing
When you know the one whose
ing
Is the one who cares who cares.
